RE: 24 Each, Multiple Attorney Misconduct Complaint Forms

Dear Sirs;

What I have provided you with here, is a somewhat complex chain of events and characters that all started from a small urban farm I ran growing traditional crops and cannabis under Prop 215 guidelines on a commercial property I own located here in San Diego. What is simple about all this was that in July 2016 I received an unsolicited offer to purchase my property from Mr. Larry Geraci. I told Geraci that the City of San Diego had rezoned my property so that it no longer qualified for one of these licenses but Geraci, an accountant and licensed real estate agent, told me he had a solution to that and wanted to discuss it in further detail with me. Since Geraci looked to be a successful and established businessman and I was interested in hearing more about his plans, I began meetings with him at his [Geraci Tax and Financial Center](#) offices.

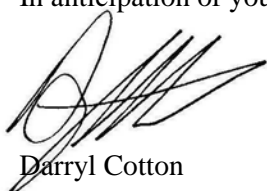

Geraci realized that with the passing of Prop 64, an opportunity existed on my property that made it unique in that based on a glitch in the City of San Diego's Land Use Regulations, my property could be made to qualify for a licensed medical and recreational cannabis retail dispensary if the process of submitting the Conditional Use Permit application was done correctly. It was Geraci's overall business experience, which included the cannabis sector, coupled with his team of attorney's, architects and lobbyists that convinced me he was sincere in his desire to develop the project with me under the terms we had been discussing and on 11/02/16 I decided to move forward. Now that seems like it would be a fairly straightforward business transaction but as you will come to find out, it has been anything but.

I have enclosed the 24 Complaint Forms that I filled out online and downloaded from your website. I have provided you with a hard copy of the Flowchart and there are others you will find that have been uploaded to my website, which I trust will make the complaints easier to follow and understand.

My website is located @ [www.151farmers.org](http://www.151farmers.org) At the bottom of the homepage is section titled; Latest News. If you toggle through the posts you will come to one titled; [Canna-Greed. Stay Awake. Stay Aware. My Story](#). It was my intention to make everything, evidentiary wise to the complaints, easy for you and my extensive social media followers to find. I believe I have done so in Chapter 11 Section 11.9 of the Canna-Greed story.

As my Federal Case (18cv325) has now been lifted and additional complaints and evidence are soon to join mine, I wanted the CA- BAR to be aware of what has happened with both the attorneys who have represented me and those that have been adversarial to me. My intention was to give you the time and resources necessary to investigate the claims being made and take what appropriate action is deemed necessary. To that end I'm available by phone or email to answer any questions you might have.

In anticipation of your reply I remain,

Darryl Cotton
