1 Hannibal on Netflix, the fictional character made famous in Silence of the Lambs. In season 1, episode
2 3, the daughter of an individual she just learned is a serial killer asks "Can you catch somebody's crazy?"
3 To which Hannibal responds: "*One cannot be delusional if the belief in question is accepted as ordinary*
4 *by others in that person's culture or subculture. Or family.*" There are state and federal judges at the
5 trial and appellate level who have directly or indirectly stated I am crazy without explaining why. On the
6 other hand I have had over a dozen attorneys and half a dozen paralegals work or consult on my case
7 over the course of the last three plus years and with facts, law, reason and logic explain to me that Austin,
8 Weinstein, Demian, Phelps, Feldman and every other attorney at issue here are, in so many words,
9 criminal pieces of shit that are knowingly aiding and abetting other criminal pieces of shit to defraud me
10 of the Property and the cannabis CUP or avoid to avoid liability for having done so.

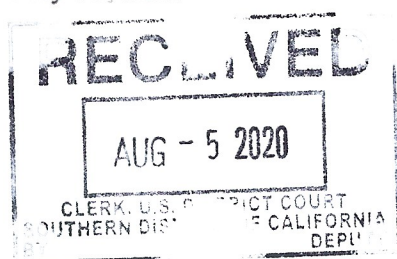

11 How can I be crazy when an attorney, Flores, is livid with rage at having his TRO denied on the
12 alleged grounds that he filed suit against the defendants in Cotton V because they did not commit a crime?
13 I can read. Flores did not file suit on those grounds. So how can I be the crazy one when even this Court's
14 order could lead a reasonable person to believe that this Court is trying to distract from the walking
15 disgrace of all judges known as Wohlfeil? I have been driven insane by everything that has taken place.
16 Attached hereto as Exhibit 2 is a psychiatrist assessment describing how I have been obsessed with the
17 factual and legal import of the Confirmation Email since this litigation has begun. And yet not one judge
18 has ever addressed the Confirmation Email and the Mutual Assent Issue.

19 If I am crazy, if nothing else, please explain why the Request for Confirmation and the
20 Confirmation Email are not evidence that I did not consent to the November Document being a sales
21 contract? I fucking loathe Wohlfeil for never addressing this question in over three years. I have
22 repeatedly and literally begged him in person and in my submission to him to please answer this question.
23 He is a worse criminal than Geraci. For the 100th time, it is appalling to think about how many people
24 have lost their life, liberty or property because he is a biased imbecile.
