1 which adversely affected eligibility for public housing, student financial aid, employment
2 opportunities, child custody determinations, and immigration status.

3 In November 2016, the people of the State of California decriminalized certain activities
4 related to non-medical cannabis in California. L.A.M.C. Section 104.00. Subsequently, the City
5 of Los Angeles has created the Department of Cannabis Regulations (“DCR”) and a Cannabis
6 Regulation Commission to process applicants and issue licenses related to cannabis activity
7 pursuant to *Los Angeles Municipal Code* 104.00. DCR is currently is in the process of Phase 3
8 that centers on issuing licenses to new businesses.

9
10 The City of Los Angeles is one of the few jurisdictions in the United States attempting to
11 address the disproportionate impact the War on Drugs has had on these marginalized
12 communities though the adoption of a Social Equity Program (“Program”). L.A.M.C. Section
13 104.00. The Program is intended to offer priority application processing consistent with the
14 rations specified in *Los Angeles Municipal Code* Section 104.20(a) and business support to
15 individuals who have been disproportionately impacted by the previous criminalization of
16 cannabis activities. Id.

17
18 Pursuant to *Los Angeles Municipal Code* Section 104.00, the express intent of the social
19 equity program was to issue licenses in an orderly and transparent manner to eligible applicants.
20 Notwithstanding the intent of the law, the procedures adopted by the Department of Cannabis
21 Regulation to issue licenses under the Program were in no way orderly or transparent.

22
23 The City of Los Angeles through a flawed implementation process has arbitrarily
24 deprived numerous applicants from receiving benefits under the Program in violation of its own
25 regulations and due process and equal protection clauses of the California and United States
26 Constitution.

27
28 ///

1 b. Key Provisions Relevant to Petition

2 Applicants that seek to be eligible for the Program must first apply to be verified as a
3 social equity applicant. L.A.M.C. Section 104.06.1(b). The DCR then prescribes a 14-day period
4 to accept Type 10 (retailer commercial cannabis) applicants from verified applicants. L.A.M.C.
5 Section 104.06.1(c).
6

7 Under Round 1, the first 100 applicants (75 Tier 1 Applicants and the first 25 Tier 2
8 Applicants) who meet the requirements of this section shall be eligible for further processing.
9 L.A.M.C. Section 104.06.1(c)(4). All Applicants who submitted an application that are not
10 eligible for further processing may apply for Type 10 Application Processing, which will process
11 an additional 150 applications (Round 2).
12

13 Further, *Los Angeles Municipal Code* Section 104.06 fails to provide applicants that are
14 not eligible for further processing the right to an evidentiary hearing.

15 c. Authenticity of Exhibits

16 The exhibits accompanying this Petition are true and correct copies of the original
17 documents they purport to be. All exhibits are incorporated herein by reference as if fully set
18 forth in this Petition.
19

20 **II. PARTIES**

21 1. Petitioner **SOCIAL EQUITY OWNERS AND WORKERS ASSOCIATION**
22 **INC.** is a California non-profit corporation organized to be a collective voice advocating for the
23 advancement of social equity. Its mission is to advocate a commitment to fairness, justice,
24 and equality in the formulation of public policy, distribution of education services,
25 implementation of community reinvestment, and oversight of institutions serving disadvantaged
26 communities. Petitioner brings this action individually and on behalf of all of its members who
27 submitted applications for a license to sell commercial cannabis under the Social Equity Program
28

1 pursuant to *Los Angeles Municipal Code* 104.00, et. Seq. Petitioner has an interest in ensuring,
2 on behalf of its members and the public, that Respondents carry out their duty to administer the
3 Social Equity Program in a lawful manner.

4 2. Petitioner **MADISON THEODORE SHOCKLEY III** is a member of the Social
5 Equity Owners and Workers Association Inc. Petitioner is an applicant (Record ID #150) that
6 applied at 10:00 a.m. on September 3, 2019 to sell commercial cannabis under the Social Equity
7 Program pursuant to Los Angeles Municipal Code Section 104.00, et seq. and was not
8 successful.

9
10 3. Petitioners SOCIAL EQUITY OWNERS AND WORKERS ASSOCIATION
11 INC. and MADISON THEODORE SHOCKLEY shall be referred to collectively as Petitioners.

12
13 4. Respondent **CITY OF LOS ANGELES** is a municipal corporation located in the
14 County of Los Angeles, State of California.

15 5. Respondent **LOS ANGELES DEPARTMENT OF CANNABIS**
16 **REGULATION** is an Agency of the CITY OF LOS ANGELES and is responsible for issuing
17 licenses to sell commercial cannabis pursuant Los Angeles Municipal Code 104.00, *et seq.*

18 6. Respondent **CAT PACKER** is the director and/or managing agent of the LOS
19 ANGELES DEPARTMENT OF CANNABIS REGULATION (“DCR”).

20
21 7. Respondents CITY OF LOS ANGELES, DCR, AND CAT PACKER shall be
22 referred to collectively as Respondents.

23 **III. JURISDICTION AND VENUE**

24 8. This court has jurisdiction under Code of Civil Procedure Section 1085. Venue is
25 proper in the County of Los Angeles, in that Respondents reside in, and the acts and omissions
26 complained of herein occurred in Los Angeles County. See Code Civ. Pro Sections 393, 394(a).

27
28 ///

1 **IV. STATEMENT OF FACTS**

2 9. On August 19, 2019, Respondents announced that the Phase 3 Round 1
3 Processing period for 100 retail licenses under the Program would open at 10:00 a.m. on
4 September 3, 2019 to 10:00 a.m. September 17, 2019. (See Exhibit “A”) In a subsequent series
5 of emails, bulletins and statements at public meetings the DCR expressly and clearly announced
6 that the ability to log on to the application window and the Accela portal would not be available
7 to commence the application process until September 3, 2019 at 10:00 a.m. (See Exhibit “B1”
8 and “B2”).

9
10 10. All applicants were required to complete their applications through an online
11 portal created by the third-party developer, Accela. L.A.M.C. Section 104.03.

12
13 11. There were two distinctive steps in the application process. The first step in the
14 processing period begins with (1) signing-on to the Accela application software platform
15 (“Accela platform”); and (2) accessing the licensing application window. After signing on to the
16 Accela platform there were several steps an applicant had to navigate before beginning the actual
17 application: (1) Login page; (2) Dashboard Page; (3) Home Page; (4) Select “Apply for License”
18 option; and (5) Disclaimer Page/Terms & Conditions. It took applicants on average 32 seconds
19 to navigate from the Accela sign-on page to the actual application window. Sjoberg Evashenk,
20 *City of Los Angeles Office of The City Administrative Officer, Performance Audit of The*
21 *Department of Cannabis Regulation Phase Three Application Process* (2020), pp. 12.

22
23 12. Under the law the applications were supposed to be processed on a first come,
24 first serve basis. L.A.M.C. Section 104.06.1 (c)(4). Essentially, Respondents plan was a race.
25 The Respondents would process the first 100 applications for the next step in the evaluation
26 whether to issue a license under the Program based on how “fast” the applicant could complete
27 the specific task of accessing the portal, navigating through the portal, filling out an online
28

1 application and uploading support documents to the online portal.

2 13. Fundamental to any fair race is that the competitors must start at the same time or,
3 at the very least, be given accurate information about when the race will begin. The record
4 demonstrates that this did not occur. Contrary to Respondents' representations that applicants
5 would not be able to access and begin working on the application until 10:00 a.m. on September
6 3, 2019, more than 226 applicants were allowed to begin the application process earlier than
7 10:00 am.¹ There was no public announcement by the DCR that the processing period would
8 begin prior to 10:00 a.m.
9

10 14. After the application process closed on September 17, 2019 there was a public
11 outcry for transparency amid a sea of rumors that multiple applicants had gotten access to the
12 Accela Portal earlier than the announced 10:00 am start time. The public was demanding
13 disclosure of the timestamp showing when each applicant accessed the Accela Portal.
14 Notwithstanding the significant public interest to date, neither the Respondents, nor Accela have
15 released the times stamps showing when each of the applicants commenced the application
16 process by logging onto the Accela portal.
17

18 15. The Honorable Herb Wesson, the then President of the city council, was so
19 concerned about the situation that he wrote a letter to the respondent Cat Packer recommending
20 the following;
21

- 22 1) the department suspend the application process;
23 2) refund all monies paid by the applicants; and
24 3) hire an independent auditor; or
25 4) alternatively, process all of the applications (See Exhibit "C").

26 16. On November 18, 2019, Respondent Cat Packer announced that the round 1

27 ¹ A detailed explanation for how the Phase Round 1 application process was compromised. Life Development
28 Group, *Time-stamp Normalization Explained*, YouTube (Feb. 10, 2020),
<https://www.youtube.com/watch?v=bho3qYC92zY&feature=youtu.be>

1 application process would be suspended pending an independent audit of the application process.
2 (See Exhibit “D,” pg. 3). This announcement followed the revelation that in fact (two)
3 applicants had accessed the portal and began the application process early. (See Exhibit “E,” p.
4 2). Ms. Packer went on to explain that instead of disqualifying the early applications, the DCR
5 decided to “normalize” the early applications by calculating the length of time taken by an
6 applicant to complete their application and adding that time to the planned application start time
7 of 10:00 a.m. to arrive at a normalized application start time. (See Exhibit “E,” pp. 3).

9 17. In December of 2019, Respondents revealed that more than twelve (12) additional
10 applicants were able to access the online portal and begin completing the online application prior
11 to 10:00 a.m. on September 3, 2019. (See Exhibit “F.” pp. 1 -3). Although any application
12 submitted outside the stated application processing period should have been rejected,
13 Respondents nevertheless processed the applicants who started the application process early.
14 However, the applications of two applicants who submitted their applications after the
15 processing period were rejected. (See Exhibit “F,” p.20) There is no rational basis why the
16 applications of applicants who started the process early should also not have been rejected.

18 18. On March 27, 2020, a third-party auditor issued its “audit report” regarding its
19 findings following the review and audit of the DCR Phase III Round 1 licensing process. Sjoberg
20 Evashenk, *City of Los Angeles Office of The City Administrative Officer, Performance Audit of*
21 *The Department of Cannabis Regulation Phase Three Application Process* (2020). Immediately
22 after the audit report was released, Respondent Cat Packer announced that the DCR would
23 resume the licensing process forthwith.

25 19. In fact, the audit revealed that 226 applicants signed-on to the Accela platform
26 prior to 10:00 a.m. Id. at pp. 1, 16, and 17. It also revealed that the portal was opened at
27 approximately 9:59:46 a.m. Id. at 6 and 13. Of these 226 applicants, 14 applicants accessed the
28

1 application window before 10:00 a.m. Id. at 16.

2 20. According to Respondents' own data, 437 applications were submitted through
3 the online portal within the first five minutes of the portal going live. The average submission
4 time for the first 100 applicants was 1 minute 11 seconds; for the first 200, the average
5 submission time was 1 minute 23 seconds, and for the first 300, the average submission time was
6 1 minute 33 seconds. (See Exhibit "E", p. 4). 321 applicants signed on between 10:00:00 a.m.
7 and 10:00:59, 154 of which signed-on within the first two seconds of the hour. Sjoberg
8 Evashenk, *City of Los Angeles Office of The City Administrative Officer, Performance Audit of*
9 *The Department of Cannabis Regulation Phase Three Application Process* (2020), pg. 14. Thus,
10 the average submission time for the first 100 applicants on September 3, 2019 was 20 seconds
11 less than the average time for the first 300 applicants.
12

13
14 21. There is a direct correlation with the number of applicants using the online portal
15 at the same time and the speed by which the applicant could complete the application. In other
16 words, the speed by which an applicant could complete the online application was necessarily
17 influenced by the number of other applicants using the online system simultaneously.
18

19 22. Clearly, with only 100 applications being processed on a "first come, first serve
20 basis" based on how fast an applicant could access a site and complete their application, the 226
21 applicants that accessed the Accela portal early would have a significant advantage over other
22 applicants that waited until 10:00 a.m. to access the site based on DCR's representations of the
23 actual start time. The difference in time between the 100th application submitted and the 101st
24 application submitted was a matter of milliseconds because the timestamp for both show
25 (10:01:40 a.m.). (See Exhibit "G," p.4-5) Despite a diligent effort to do so, Petitioners have not
26 been able to identify a single applicant that started the application process at the designated
27 10:00 a.m. processing period that was selected to move on to the next phase.
28

1 23. Respondents have no accurate means of normalizing how the increased user
2 traffic impacted the web server's ability to manage access to the online portal and process the
3 documents uploaded by each applicant.

4 24. Further, the technology Respondents used to manage the online application
5 process was flawed and compromised the fundamental fairness of the entire application process.
6 There is no indication that the online system was subjected to peer review or rigorous testing
7 prior to going live. The evidence shows there was no security to 1) to preclude the use of robots
8 ("bots") to complete the application 2) to prevent the use of robots ("bots") to preclude the
9 submittal of multiple applications by the same applicant at the same time; and 3) to restrict
10 access to the system until the actual processing period started.

11 25. The initial steps of the application process did not have a "bot" check
12 (CAPTCHA process) for logging into the system. Because these security features were not in
13 place some applicants applied numerous times and submitted duplicate applications within
14 seconds of each other, e.g. one applicant submitted three applications with submission time
15 stamps of 10:01:10 a.m., 10:01:11 a.m., and 10:01:14 a.m. (See Exhibit "G," p.1).

16 26. Although the licensing scheme is contingent upon the applicant's speed in
17 completing an online application, given that 226 applicants were given an early start,
18 Respondents have no reliable means of determining which applicants actually won the race and
19 where they should be placed in the licensing processing queue.

20 27. Petitioners have no plain, speedy, and adequate remedy in the ordinary course of
21 law, other than the relief sought in this petition in that Respondents do not provide an
22 administrative procedure to applicants who have been adversely affected by the licensing process
23 beginning on September 3, 2019. Accordingly, review of writ of mandate is an appropriate
24 means of seeking review.

1 **V. THIS COURT SHOULD GRANT PETITIONERS TEMPORARY,**
2 **PRELIMINARY, AND PERMANENT INJUNCTIVE RELIEF**

3 28. Petitioners, and the public, on whose behalf this action is brought, will suffer
4 irreparable harm as a result of the DCR's failure to comply with the non-discretionary mandate
5 for processing applications as set forth in Los Angeles Municipal Code Section 104.06.1 (c)(4).
6 The injuries suffered are not easily quantified or compensable. No money damages or other
7 legal remedy could adequately compensate for the irreparable harm Respondents' conduct has
8 caused, continues to cause, and threatens to cause Petitioners that relied on the DCR's own
9 messages that DCR's online application process would be orderly and transparent.
10

11 29. Unless enjoined, Petitioners will have no opportunity to participate in a fair and
12 lawful licensing process. Petitioners lacks a plain, speedy, and adequate remedy in the ordinary
13 course of law other than the relief sought in this action. Thereby, Petitioners are entitled to a
14 temporary, preliminary, and permanent injunctive relief requiring Respondents to comply with
15 their legal duties as alleged in this petition.
16

17 **PRAYER FOR RELIEF**

18 **WHEREFORE**, Petitioner prays that:

19 1. A writ of mandate issue under the seal of this Court commanding Respondents to
20 require the Los Angeles Department of Cannabis Regulations to evaluate the applications
21 remaining from the pool of the 802 applicants which were received between September 3, 2019
22 and September 17, 2019;
23

24 2. In the alternative, Petitioners request the issuance of a writ of mandate
25 commanding Respondents to institute a new application process that provides all applicants with
26 an equal, fair and transparent opportunity to apply for a license to sell retail cannabis under the
27 Program;
28

1 3. Petitioners request the issuance of a temporary, preliminary, and permanent
2 injunctive relief to prevent Respondents from taking any further actions in carrying out the
3 current phase of the licensing process (Phase 3 Round 1) under the Social Equity Program until a
4 ruling is made on Petitioner's writ;

5
6 4. For attorneys' fees and litigation expenses (CCP Section 1021.5); and

7 5. For cost of this proceeding, and for such other and further relief as this court
8 deems just and proper.

EXHIBIT C

HERB J. WESSON, JR.
COUNCILMEMBER, 10TH DISTRICT

October 28, 2019

Cat Packer
Executive Director
Department of Cannabis Regulation, City of Los Angeles
221 North Figueroa Street, Suite 1245
Los Angeles, CA 90012

RE: SUSPENSION OF PHASE 3, RETAIL ROUND 1 PROCESS

Dear Ms. Packer:

The City of Los Angeles adopted the Social Equity Program in order to right past wrongs by helping those individuals and communities who were disproportionately impacted by the War on Drugs and to remove barriers to ownership of Commercial Cannabis Activity businesses. We created this program together which is aimed at promoting equitable ownership and employment opportunities in the commercial cannabis industry in order to decrease disparities in life outcomes for marginalized communities and to address disproportionate impacts of past cannabis enforcement in those communities.

Over the last couple of weeks, including at the Cannabis Regulation Commission meeting last Thursday, allegations have been made that multiple applicants had access to the application portal prior to the announced start time of 10am on Tuesday September 3rd. Unfortunately these allegations have been substantiated by the Department at the Commission meeting and the Phase 3 Retail Round 1 process was compromised. While it was always understood that not every applicant would get a license, it is paramount that the application process have the utmost integrity, be transparent, and fair. There appears to be no scenario in which the Retail Round 1 process can meet those three principles currently.

I am recommending that the Department: 1) suspend all Retail Round 1 applications; 2) refund all monies paid by Retail Round 1 applicants and cancel all invoices; and 3) prepare a full audit and report by an independent third party not involved in the process – unless there are other options like processing every application that would provide the necessary assurances that the process was not compromised. These are the only options that will provide the clarity and time we need to ensure that the Phase 3 Retail process is fair, transparent, and has integrity.

Sincerely,

HERB J. WESSON, JR.
Council President, City of Los Angeles

REGULATION

November 18, 2019 News Bulletin

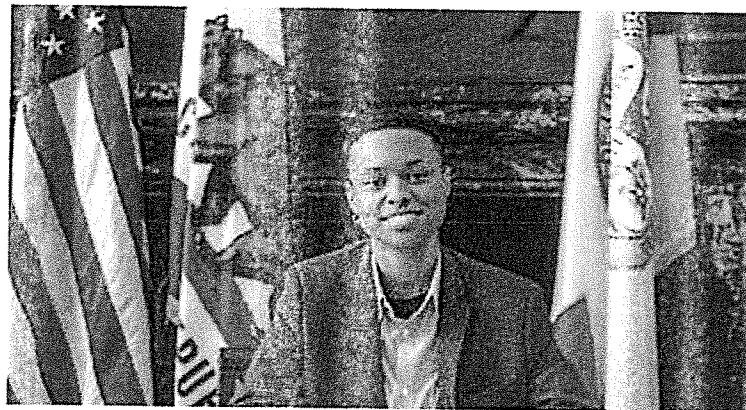

by DCR Staff on November 18, 2019

November 18, 2019

From the Desk of Cat Packer

As the Executive Director of the Los Angeles Department of Cannabis Regulation (DCR), I want to thank you for your interest in the City's cannabis related policies and programs.

Less than two years ago, while establishing critical and reformative first-time policies to license and regulate both medical and adult-use commercial cannabis activity in the world's largest cannabis market, the City of Los Angeles became one of the first jurisdictions in the nation to establish commercial cannabis licensing related policies aimed at acknowledging and repairing the harms caused by the failed war on drugs and the disparate enforcement of cannabis prohibition. These policies created a framework for the City's Social Equity Program, whose purpose is to promote equitable ownership and employment opportunities in the cannabis industry in order to decrease disparities in life outcomes for marginalized communities, and to address the disproportionate impacts of the War on Drugs in those communities. These are the objectives to which DCR remains actively committed to achieving.

The two principal components of the Social Equity Program (<http://cannabis.lacity.org/licensing/social-equity-program-3>) established by local law include Priority Processing of commercial cannabis license applications, and Business, Licensing and Compliance Assistance (BLC), both of which *still* hold the promise of equitable opportunity *despite* a number of challenges surrounding their implementation.

For example, local law (http://clkrep.lacity.org/online/docs/2014/14-0366-S5_ord_draft_12-6-2017.pdf) established that eligible Social Equity Program Applicants would have Priority Processing compared to non-Social Equity Program Applicants, but only after the first two phases of Priority Processing were administered to transition the City's existing medical businesses into the regulated cannabis market.

Furthermore, our local laws established that eligible Social Equity Program Applicants would have access to BLC Assistance in the form of educational programming and services. This assistance is intended to help applicants navigate the licensing and application process, to appropriately prepare applicants to identify and protect against predatory practices, and to assist applicants seeking to operate a compliant commercial cannabis business.

While continuing to administer and implement the City's laws related to Priority Processing for Phase 1 and Phase 2, and while working diligently with community stakeholders to secure necessary resources to support BLC Assistance of the Social Equity Program, DCR and City Leaders received a tremendous amount of feedback and input from prospective Social Equity Program Applicants, and those who advocate on their behalf, regarding the structure of Phase 3.

In February of 2019, DCR convened with community stakeholders and City leadership to explore options for the most equitable type of licensing methodology for Social Equity Program Applicants in Phase 3. At this gathering, and later through a report (http://clkrep.lacity.org/online/docs/2014/14-0366-S5_rpt_DCR_1_03-01-2019.pdf), DCR articulated the various benefits and risks associated with each of the proposed methodologies of licensing; namely first-come first-served, lottery, or a merit-based system.

Although there was not a broad consensus on the most equitable licensing method, feedback from prospective Social Equity Program Applicants was largely divided into two different groups -- those who claimed to have secured property and were experiencing financial hardship waiting for the application process to begin and those who expressed a need for Business, Licensing and Compliance Assistance prior to the opening of the application process.

On April 30, 2019, local law (http://clkrep.lacity.org/online/docs/2014/14-0366-S5_ORD_186111_06-14-2019.pdf) was amended to divide the remaining retail license opportunities (of approximately 250 available licenses) into two rounds, whereby 100 Social Equity Program Applicants would be determined eligible for further processing in the first round and approximately 150 Social Equity Program Applicants would be determined eligible for further processing in the second round, both on a first-come, first-served basis. Additionally, DCR was instructed (http://clkrep.lacity.org/online/docs/2014/14-0366-S5_mot_4-30-19.pdf) to begin pre-vetting Social Equity Program Applicants no later than May 28, 2019 and to begin Phase 3 Retail Round 1 no later than September 3, 2019.

Over the subsequent four months, DCR worked with the developer of DCR's online application system, Accela, to configure the system for pre-vetting and the first-come, first-served Phase 3 Retail Round 1

application submission process. Through shared efforts, DCR and Accela were able to deliver a platform capable of executing the City's stringent process, and preparing the Department to accept applications as instructed on September 3, 2019 (http://clkrep.lacity.org/onlinedocs/2014/14-0366-S5_mot_4-30-19.pdf).

DCR staff worked (<http://cannabis.lacity.org/blog/social-equity-program-eligibility-verification-application-clinics-now-available>) around the clock to administer the pre-vetting process (<http://cannabis.lacity.org/licensing/social-equity-program-4>) whereby DCR was able, in a two month period (May 28 to July 29), to verify over 1,600 Social Equity Program Applicants based on the eligibility criteria established by local law, and similarly worked diligently to inform prospective applicants on the requirements of the Phase 3 Retail Round 1 application via multiple communications efforts (see the *Recent DCR Alerts & Updates* section below) and various workshops (<http://cannabis.lacity.org/blog/august-6-2019-dcr-phase-3-round-1-licensing-and-social-equity-workshop>) conducted City-wide. Recognizing that formal Business, Licensing and Compliance Assistance was still under development and unavailable to those participating in the Phase 3 Retail Round 1 (DCR was not allocated funding for BLC until July 1, 2019), the goal was to establish a process that was consistent with local law, as well as fair and simple for Social Equity Program Applicants, from both a substantive and technological standpoint.

When the Phase 3 application window opened on September 3, 2019, hundreds of applications were submitted, and many verified Social Equity Programs Applicants were surprised to learn that they were among hundreds of others vying for the same 100 licensing opportunities.

In total, during the 14-day application period, DCR received 802 applications (<http://cannabis.lacity.org/blog/phase-3-retail-round-1-application-process>) from verified Social Equity Program Applicants, each of whom made respective investments and risks associated with the licensing process. Understanding the significance of those risks and investments, and the importance of the Social Equity Program both historically and presently, DCR made an intentional effort to ensure the integrity of this process.

As such, when the Department learned that circumstances allowed a number of applicants to have early access to the online application, DCR immediately took reasonable and appropriate actions to ensure that applicants were not unfairly advantaged or disadvantaged by those circumstances.

I personally addressed these circumstances and other issues of concern to the community at the October 24, 2019 convening of the Cannabis Regulation Commission. Please review the presentation here (http://cannabis.lacity.org/sites/g/files/wph1171/f/10_24%20Cannabis%20Regulation%20Commission%20-%20Presentation%20re%20Executive%20Director%27s%20Report.pdf) and listen to the meeting audio here (<https://drive.google.com/file/d/1bfbe2jyxv66lhsbq5fouxNKNzU99Vgvv/view>).

DCR recognizes the imperfect nature of this process, but we are confident that the integrity and fairness of the process has not been compromised. Nevertheless, the imperfect nature of policy implementation has fueled mass speculation and contention. As such, DCR is actively engaged in conversations with stakeholders, City Council, and the Mayor's Office about how to move forward in an appropriate and equitable manner. Last week, the Mayor called for a third-party independent review of the application process for Phase 3 Retail Round 1, and further stated that the final licensing process will not continue until the completion of the audit.

In the interim, and as required by local law, the Department will continue to process Phase 3 Retail Round 1 applications as established in [LAMC 104.06.1](#) ([http://library.amlegal.com/nxt/gateway.dll/California/lamc/municipalcode/chapterxbusinessregulations?f=templates\\$fn=default.htm\\$3.0\\$vid=amlegal:la_all_mc\\$anc=JD_104.06.1](http://library.amlegal.com/nxt/gateway.dll/California/lamc/municipalcode/chapterxbusinessregulations?f=templates$fn=default.htm$3.0$vid=amlegal:la_all_mc$anc=JD_104.06.1)), until 100 Social Equity Program Applicants are determined to be eligible for further processing. However, the Department will not continue to the next phase of licensing until the audit process is complete.

Still, the Department is extremely empathetic to the concerns of the Community and is working actively with City leaders and community stakeholders to seek, consider, and recommend any legislative changes and policy amendments that may be necessary to ensure the fidelity of the nation's largest cannabis licensing regime.

The Department takes the tremendous feedback we have received from stakeholders related to Phase 3 Retail Round 1 very seriously and welcomes additional stakeholders to share their recommendations via cannabis@lacity.org (<mailto:cannabis@lacity.org>). Furthermore, DCR recognizes the immense importance of transparency and integrity in all actions the City undertakes. To that end, the Department encourages anyone and everyone to report any ethics violations to the Los Angeles City Ethics Commission. (<https://ethics.lacity.org/enforcement/#reportaviolation>)

It is critically important for those involved in or impacted by the continuous development and implementation of cannabis policy to share their feedback with policy makers. DCR is committed to supporting the facilitation of this community feedback to our local elected officials to ensure that we have policies and programs that are reflective of the community.

Over the course of the last two years, the development and implementation of the City's licensing and regulatory program, along with its Social Equity Program, has often been a challenging but critically important responsibility -- and one that has never been done before. I take this responsibility very seriously, not simply because it's my job to do so, but because I recognize and believe that **equity should be the center of all policy development** -- especially cannabis policy, due to the historic and current inequities and disparities that exist in communities most impacted by cannabis laws and their enforcement.

During my two years in this role, I've seen the City make significant progress towards centering equity in the development and implementation of cannabis policies; however, **there's still much work to be done to ensure that the entirety of our efforts are fair, transparent, and administered with integrity**. Thus far, our collective work has centered around equity in commercial cannabis licensing, and we're making significant progress towards that end with the hiring of our Social Equity Program Director, the upcoming release of an expanded social equity analysis, and the active development of Business, Licensing and Compliance Assistance to be available before any future retail licensing. However, I actively encourage all those involved in or impacted by this conversation, including myself, to personally recommit to work to expand our definition of equity by incorporating conversations about legal access, health equity, community safety and law enforcement, criminal justice, community reinvestment, and the many other ways cannabis policy impacts our community. These may be some of the toughest conversations we have, but I am convinced they will be among the most important as those across the country and across the globe continue to blaze the trails we blaze.

Social Equity Program

BCC Awards DCR Significant Grant from the California Cannabis Equity Act of 2018

The Bureau of Cannabis Control announced it will be awarding the City of Los Angeles \$1,834,156.38 in grant funding from the California Cannabis Equity Act of 2018. A total of 10 jurisdictions across the state were awarded grants to help fund their local Social Equity Programs. More information can be found on the Bureau of Cannabis Control's website [here](https://bcc.ca.gov/about_us/documents/media_20191009.pdf) (https://bcc.ca.gov/about_us/documents/media_20191009.pdf). Los Angeles will be utilizing this funding to provide verified Social Equity Program Applicants various benefits including, workshops and training sessions focused on Business, Licensing and Compliance Assistance, Technical Assistance, Workforce Development, and Business Development Services.

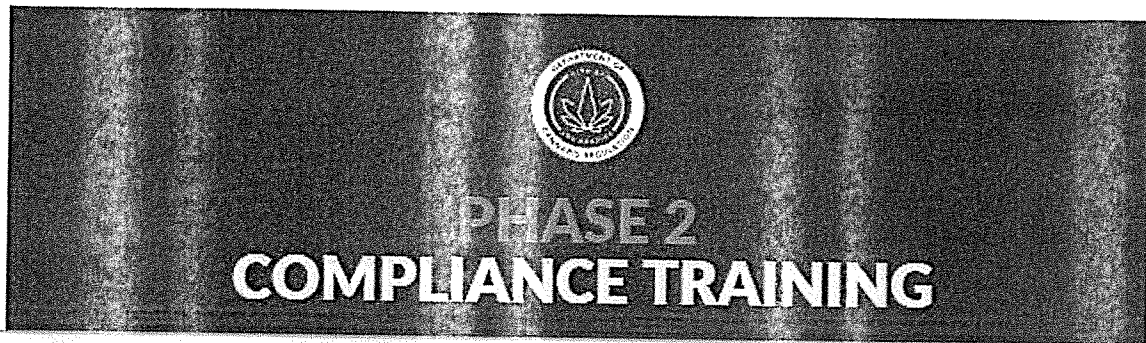

DCR Issues RFQ for Social Equity Program

DCR is completing an RFQ to identify and retain qualified, on-call consultants to provide verified Social Equity Program Applicants and Licensees, Curriculum for Workshops, Incubators and other Business and Workforce Development Skills Training. The RFQ was released on June 5, 2019. Responses were due by 4 p.m. on July 12, 2019. Since the RFQ deadline, DCR has interviewed numerous professional services consultants and deemed five to be responsive and responsible. DCR is currently working with these consultants to develop world-class training curricula for Los Angeles' stakeholder community.

Phase 2 Compliance Workshop

On November 23, 2019, from 2 p.m. to 4 p.m., DCR will be hosting a Phase 2 Compliance Workshop in Robert F. Deaton Auditorium located at 100 West 1st Street. The Workshop is intended to educate Phase 2 Applicants on the entire inspection process, and the specific components of what is required to be in compliance with DCR and LAFD. If you are a Phase 2 Applicant who is interested in attending, you can RSVP for the workshop [here](https://cannabis.lacity.org/events/LA-DCR-Social-Equity-Program-Technical-Assistance-Events) (<https://cannabis.lacity.org/events/LA-DCR-Social-Equity-Program-Technical-Assistance-Events>).

The City of Los Angeles provides technical assistance and business support to qualified individuals through the Department of Cannabis Regulation's Social Equity Program to those establishing commercial cannabis businesses within the City.

Legislative Activities & Policy Updates

State:

Governor Newsom has signed a number of bills in the last month that will impact the cannabis industry in Los Angeles. Included among them are:

AB 37 - Personal income taxes (https://leginfo.legislature.ca.gov/faces/billNavClient.xhtml?bill_id=201920200AB37) - This bill will allow licensed cannabis operators to claim 280E tax deductions on their state tax returns. This will allow the licensed cannabis industry to start to write off business expenses on their state taxes.

AB 1810 - Transportation: omnibus bill (https://leginfo.legislature.ca.gov/faces/billNavClient.xhtml?bill_id=201920200AB1810) - This bill will close a loophole in state law that allowed for cannabis consumption in limos, buses, taxis, campers, and other chartered vehicles.

SB 34 - Cannabis donations (https://leginfo.legislature.ca.gov/faces/billNavClient.xhtml?bill_id=201920200SB34) - This bill will allow medical cannabis retailers to donate medical cannabis to patients, providing they meet specified requirements.

SB 595 - State licensing fee waivers for needs-based applicants (https://leginfo.legislature.ca.gov/faces/billNavClient.xhtml?bill_id=201920200SB595) - This bill, once it's funded by the Legislature, will allow the state to offer deferrals or waivers to needs-based applicants for state application fees, licensing fees, and renewal fees.

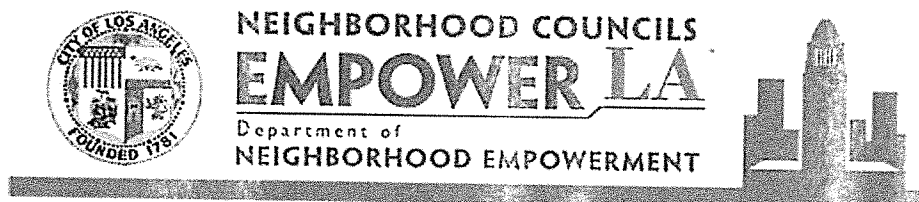

Federal:

Congress has continued to hold hearings and vote on cannabis legislation this legislative cycle. In September, the House of Representatives passed the SAFE Banking Act (<https://www.congress.gov/bill/116th-congress/house-bill/1595?q=%7B%22search%22%3A%5B%22marihuana%22%5D%7D&s=3&r=24>) that, if passed by the Senate and signed by the President, would give licensed cannabis businesses nationwide access to the banking industry. The SAFE Banking Act is currently in the Senate Banking Committee awaiting a hearing.

Community Outreach & News

2019 Congress of Neighborhoods Held September 28, 2019

DCR once again participated in the Department of Neighborhood Empowerment's Congress of Neighborhood event. Held at City Hall on Saturday, September 28, DCR representatives answered questions about cannabis laws, regulations and the commercial licensing process. DCR Executive Director Cat Packer spoke to members of the community during a City Programs Forum workshop. This annual event serves as a day of education and networking for neighborhood council leaders.

Cannabis Regulation Commission

The Cannabis Regulation Commission holds public hearings related to the issuance of Licenses to engage in commercial cannabis activity. In addition, the Commission may recommend to the City Council amendments to the City's Rules and Regulations. To learn more, please visit [the Commission webpage \(//cannabis.lacity.org/resources/cannabis-regulation-commission\)](https://cannabis.lacity.org/resources/cannabis-regulation-commission).

Regular meetings are held at City Hall, 200 North Spring Street, 3rd Floor, Los Angeles, CA 90012 on the first and third Thursdays of the month at 2:00 p.m. From time to time, the Commission Executive Assistant may notice a different date, location or start time as operational needs require, and without prior approval from the Commission, upon giving proper notice to members of the public. The next scheduled Commission meeting is December 5, 2019.

Updates from the Cannabis Regulation Commission Meeting held October 24, 2019

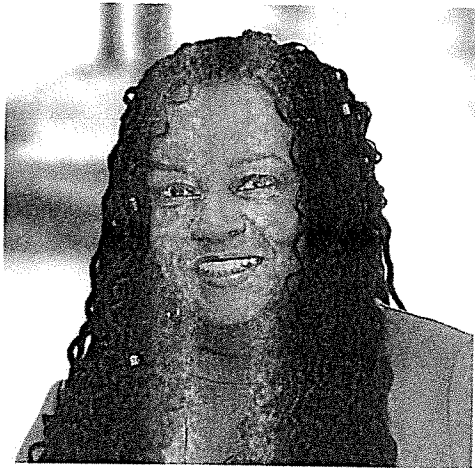

The Commission met on October 24, 2019 and adopted updated rules and procedures, as well as received a report from DCR Executive Director Cat Packer. The report presentation can be accessed [here \(//cannabis.lacity.org/sites/g/files/wph1171/f/10_24%20Cannabis%20Regulation%20Commission%20-%20Presentation%20re%20Executive%20Director%27s%20Report.pdf\)](https://cannabis.lacity.org/sites/g/files/wph1171/f/10_24%20Cannabis%20Regulation%20Commission%20-%20Presentation%20re%20Executive%20Director%27s%20Report.pdf). In the report, Executive Director Packer made the following proposed policy recommendations for the Commission to consider:

1. Amend local law to extend the period of license ineligibility for a person with a felony conviction of a crime involving fraud, deceit, or embezzlement for a period of 5 years from the date of conviction years.
2. Amend local law to prohibit persons with a felony conviction of a crime involving fraud, deceit, or embezzlement from serving as an Agent for Service of Process.

3. Amend local law to require DCR to provide Social Equity Program Applicants Business, Licensing and Compliance Assistance focused on contracting related to Equity Share Compliance for a period of at least 60 days prior to any future Retail Licensing.
4. Amend local law to allow DCR to authorize businesses to relocate within their existing Community Plan Area.
5. Amend local law to require DCR to collect demographic information from applicants and licensees.
6. Amend local law to require DCR to post Corporate Social Responsibility Report Criteria by July 1, 2020.

The Commission voted to adopt these recommendations and deliver them to City Council.

DCR Welcomes the Cannabis Regulation Commission's Newest Commissioner

Mayor Eric Garcetti appointed Thryeris Mason to the Cannabis Regulation Commission on August 1, 2019. Thryeris is a Workers' Compensation industry veteran, a civic leader and a native Angelino. She previously managed the day-to-day operations of the workers' compensation benefit delivery program for Ameron International Corporation, a multinational manufacturing company. She also served on the Government Affairs and Educational Committees of the California Self-Insurers Association where she analyzed and commented upon pending legislation and planned educational conferences for self-insured entities. Thryeris was re-elected as President of the Empowerment Congress North Area Neighborhood Development Council in June 2019. She previously held this position for one year, and prior to that, served as an At-Large Representative for two years. Since August 2017, she has also been the Chair of the South Los Angeles Alliance of Neighborhood Councils. In both capacities she has been a passionate advocate for economic development, social justice, and social equity. She is a proud alumna of Loyola Marymount University in Los Angeles, California, where she earned a Bachelor of Science Degree in Business Administration. She also holds a Master of Business Administration from the University of Phoenix.

The More You Know

Los Angeles and the Unlicensed Market

The City of Los Angeles and City Attorney Mike Feuer take unlicensed cannabis shops very seriously. Since adult-use cannabis became legal in 2018, the City Attorney has been prosecuting 394 cases involving 313 unlicensed locations, shut down 197 unlicensed locations, and took on 1,462 defendants.

In his [weekly message found here \(https://www.youtube.com/watch?v=SP_si-dgWIs&feature=youtu.be\)](https://www.youtube.com/watch?v=SP_si-dgWIs&feature=youtu.be), City Attorney Feuer talks about why unlicensed cannabis poses major issues to public health and safety, what he and his office are doing to combat it, and what the public needs to know.

Statewide Education Campaign Urges Consumers to Shop Licensed Retailers

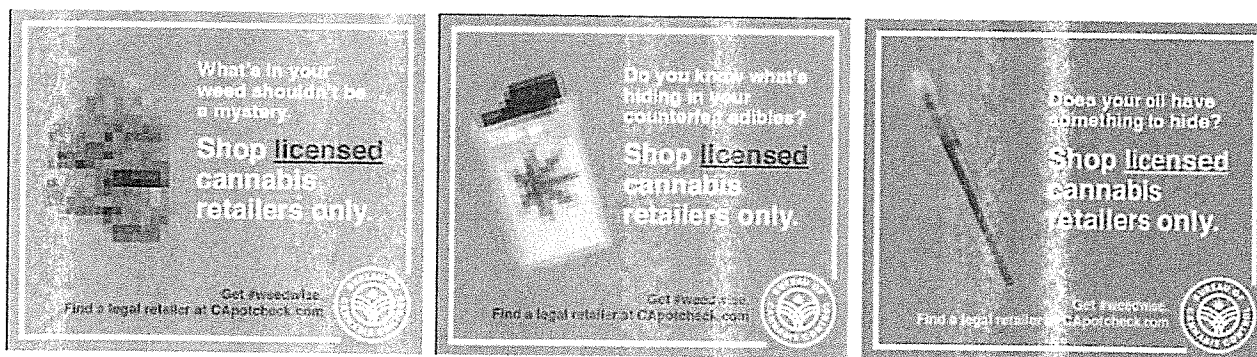

The California Bureau of Cannabis Control launched a statewide public information program intended to encourage consumers to purchase cannabis and cannabis products from licensed businesses.

The goal of the “Get #weedwise” campaign is to educate consumers about the risks associated with cannabis purchased from unlicensed businesses. The campaign also educates unlicensed businesses about the need to get licensed and the consequences of continuing to operate without a license. Currently, all commercial cannabis businesses in California must have a license from the state and comply with local rules related to commercial cannabis activity in their local jurisdiction.

The multilingual campaign warns consumers about dangerous, foreign material – including chemicals, mold, and fecal matter – that can be found in illegal, untested cannabis. The campaign will also include alerts to illegal businesses informing them that they could face confiscation of cash or cannabis by engaging in unlicensed activity. [Please click here for more information.](https://bcc.ca.gov/consumers/weedwise.html)
(<https://bcc.ca.gov/consumers/weedwise.html>)

Get #Weedwise Campaign

The State of California’s Bureau of Cannabis Control recently announced the launch of a statewide public information program encouraging consumers to only purchase cannabis from licensed businesses and warning unlicensed businesses to become licensed. Consumers can verify the legal status of a cannabis business by visiting the Bureau’s Online License Search at www.CApotcheck.com.

The Los Angeles Department of Cannabis Regulation also maintains its own interactive map of authorized local retailers at <https://cannabis.lacity.org/retail>

DCR Information Now Available in Over 100 Languages

All of the details included in this bulletin, as well as every page on the DCR website, are now available in over 100 different languages through the Google Translate feature found at the top right corner of the DCR website. Just click on the word "Translate" and choose your language.

DCR also provides English-to-Spanish translators and Spanish-speaking staff at our various workshops and one-on-one clinics.

We have translated our first brochure, *Guide to Adult-Use Cannabis a Sales Consumption Within the City of Los Angeles* into Spanish! It is available to [print here](https://cannabis.lacity.org/sites/g/files/wph1171/f/Cannabiz%20101%20Tri%20Fold%20Esp%20V2019.6.11.pdf) (<https://cannabis.lacity.org/sites/g/files/wph1171/f/Cannabiz%20101%20Tri%20Fold%20Esp%20V2019.6.11.pdf>).

Phase 3 Retail Round 1

Two Applicants accessed the application minutes prior to the official launch.

- Both cases were associated with Applicants who had requested to have their account passwords reset on the morning of Tuesday, September 3, 2019.
- Background:
 - Per advance notice to Applicants, DCR disabled all user accounts on August 28, 2019 in preparation of the launch of the application software.
 - In anticipation of a 10 a.m. release the application software was uploaded into the system around 9:50 a.m. on Tuesday, September 3, 2019.
 - During this time the applicants whose accounts were enabled due to password resets could have accessed the system; only two cases were associated with early access (minutes) to the application.
- DCR became aware of these two cases on Tuesday, September 3, 2019 while reviewing system data with Accela support staff.
- In order to ensure these applicants were not unfairly advantaged and to ensure that other applicants were not unfairly disadvantaged, DCR, using user data recorded into the Accela system, provided these applicants with a timestamp associated with the time it took them to start and submit their application.

Phase 3 Retail Round 1

Addressing Community Concerns

- **Community Concern 1: Accela System Opened Early Creating an Unfair Advantage for Some Applicants**
 - Timestamps were normalized so that no applications started or submitted before 10 am were unfairly advantaged.
- **Community Concern 2: Arbitrary Timestamps Were Given to Some Applicants Creating an Unfair Process**
 - Timestamps were normalized so that no applications started or submitted before 10 am were unfairly advantaged.
- **Community Concern 3: Non-Human or Automated Systems Were Utilized to Submit Applications**
 - DCR has no data or evidence to suggest Non-Human or Automated Systems Were Utilized
- **Community Concern 4: Multiple Applications Were Submitted by Single Applicant**
 - An individual may not be the Tier 1 or Tier 2 Social Equity Applicant for more than one application in Round 1.
- **Community Concern 5: Confusion regarding Record IDs**
 - The Record ID number is created during the application process before the application is submitted.

Phase 3 Retail Round 1

- Information on Applications Submitted
 - 802 Applications, includes DCR Test Applications (Test Apps)
 - Fastest Times: 38 secs (DCR staff) / 46 secs (SEP Applicant)
 - 1 min 11 sec Average Submission Time for the first 100 Applications
 - 1 min 23 sec Average Submission Time for the first 200 Applications
 - 1 min 33 sec Average Submission Time for the first 300 Applications
 - 6 Applications (includes two Test Apps) submitted in the first 1 min
 - 338 Applications (includes Test Apps) submitted in the first 3 min
 - 437 Applications (includes Test Apps) submitted in the first 5 min
 - 550 Applications (includes Test Apps) submitted in the first 10 min
 - 658 Applications (includes Test Apps) submitted in the first hour
