NOW, THEREFORE, BE IT RESOLVED by the Planning Commission of the City of San Diego as follows:

That the Planning Commission adopts the following written Findings, dated July 9, 2015.

FINDINGS:

Conditional Use Permit Approval – Section §126.0305

1. The proposed development will not adversely affect the applicable land use

Plan.

The proposed project is a request for a Conditional Use Permit to operate in a 999 square-foot tenant space within an existing, 4,995 square-foot one-story building. The 2.51-acre site is located at 8863 Balboa Avenue in the IL-3-1 Zone, the Airport Influence Area (Miramar and Montgomery Field), Montgomery Field Safety Zone 2, 5, and 6, the 60-65 dB CNEL for Montgomery Field, and within the Kearny Mesa Community Plan area.

The site is designated Industrial in the Kearny Mesa Community Plan. The Industrial designation is intended for manufacturing, assembling, processing, warehousing or transporting goods or products. The Kearny Mesa Community Plan encourages continued development of Kearny Mesa as a regional employment center, containing a mix of industrial, office, retail and compatible housing land uses. The proposed MMCC was reviewed by MCAS Miramar and determined to be consistent with the Air Installation Compatible Use Zone (AICUZ) noise and safety compatibility guidelines.

The 2.51-acre site is zoned IL-3-1 and has eight detached buildings constructed in 1969. The proposed MMCC is located on the far southwest side of the lot. The existing uses on the site consist of vehicle sales and services, retail and commercial services (business services-offices). The existing uses are consistent with the Industrial designation of the community plan. The surrounding parcels are within the IL-2-1 Zone except from the south parcel which is Montgomery Field Airport and is unzoned. The proposed MMCC, classified as commercial services, is a compatible use for this location with a Conditional Use Permit and is consistent with the community plan, therefore will not adversely affect the applicable land use plan.

2. The proposed development will not be detrimental to the public health, safety, and welfare.

The proposed 999 square-foot MMCC site located at 8863 Balboa Avenue is within an existing 4,995 square-foot building on a 2.51-acre site. The existing tenant space is currently being used for vehicle sales and services. The project proposes interior improvements that include a reception area, dispensary area, office, employee lounge and restroom. The tenant improvement building permit will require compliance with the California Building Code, Plumbing Code, Mechanical Code, Electrical Code, Fire Code and all adopted referenced standards. Public improvements include the replacement of the two easterly driveways with City standard driveways on Balboa Avenue.

MMCCs are restricted to four per Council District, 36 city-wide, within commercial and industrial zones in order to minimize the impact on the City and residential neighborhoods. MMCCs require compliance with San Diego Municipal Code (SDMC) section 141.0614 which require a 1,000-foot separation, measured between property lines, from: public parks, churches, child care centers, playgrounds, libraries, minor-oriented facilities, other medical marijuana consumer cooperatives, residential care facilities, and schools. There is also a minimum distance requirement of 100 feet from a residential zone. In addition to minimum distance requirements, MMCCs prohibit consultations by medical professionals on site and do not allow certain types of vending machines. Security requirements include interior and exterior lighting, security cameras, alarms and a security guard. The security guard must be licensed by the State of California and be present on the premises during business hours. Hours of operation are limited from 7:00 a.m. to 9:00 p.m. seven days a week. MMCCs must also comply with Chapter 4, Article 2, Division 15 which provides guidelines for lawful operation.

The project requires compliance with the development conditions in effect for the subject property as described in Conditional Use Permit No. 1296130. The Conditional Use Permit is valid for five years, however may be revoked if the use violates the terms, conditions, lawful requirements, or provisions of the permit.

The referenced regulations and conditions have been determined as necessary to avoid adverse impact upon the health, safety and general welfare of persons patronizing, residing or working within the surrounding area and therefore, the proposed MMCC will not be detrimental to the public health, safety and welfare.

3. The proposed development will comply with the regulations of the Land Development Code including any allowable deviations pursuant to the Land Development Code.

The proposed 999 square-foot MMCC located at 8863 Balboa Avenue is within an existing 4,995 square-foot building. The 2.51-acre site is zoned IL-3-1 and has eight detached buildings totaling 39,674 square-feet constructed in 1969. The proposed MMCC is located on the far southwest side of the lot. The existing uses on the site consist of vehicle sales and services, retail and commercial services (business services-offices). The project proposes interior improvements that include a reception area, dispensary area, office, employee lounge and restroom. The tenant improvement building permit will require compliance with the California Building Code, Plumbing Code, Mechanical Code, Electrical Code, Fire Code and all adopted referenced standards. Public improvements include the replacement of the two easterly driveways with City standard driveways on Balboa Avenue.

MMCCs are allowed in the IL-3-1 zone with a Conditional Use Permit (CUP). The CUP requires MMCCs to comply with SDMC section 141.0614 which requires a 1,000-foot separation, measured between property lines, from: public parks, churches, child care centers, playgrounds, libraries, minor-oriented facilities, other medical marijuana consumer cooperatives, residential care facilities, and schools. There is also a minimum distance requirement of 100 feet from a residential zone. In addition to minimum distance requirements, MMCCs prohibit consultations by medical professionals on site and do not allow certain types of vending machines. Security requirements include interior and exterior lighting, security cameras, alarms and a security guard. The security guard must be licensed by the State of California and be present on the premises during business hours. Hours of operation are limited from 7:00 a.m. to 9:00 p.m. seven days a week. MMCCs must also comply with Chapter 4, Article 2, Division 15 which provides guidelines for lawful operation.

The proposed MMCC is consistent with the land use designation of Industrial. The proposed MMCC meets all development regulations, no deviations are requested, and the permit as conditioned assures compliance with all the development regulations of the San Diego Municipal Code. The proposed MMCC therefore complies with the regulations of the Land Development Code.

4. The proposed use is appropriate at the proposed location.

The proposed 999 square-foot MMCC located at 8863 Balboa Avenue is within an existing 4,995 square-foot building.

MMCCs, classified as commercial services, are allowed in the IL-3-1 zone with a Conditional Use Permit (CUP) and are consistent with the land use designation of Industrial use in the Kearny Mesa Community Plan. The CUP requires MMCCs to comply with SDMC section 141.0614 which requires a

1,000-foot separation, measured between property lines, from: public parks, churches, child care centers, playgrounds, libraries, minor-oriented facilities, other medical marijuana consumer cooperatives, residential care facilities, and schools. There is also a minimum distance requirement of 100 feet from a residential zone. In addition to minimum distance requirements, MMCCs prohibit consultations by medical professionals on site and do not allow certain types of vending machines. Security requirements include interior and exterior lighting, security cameras, alarms and a security guard. The security guard must be licensed by the State of California and be present on the premises during business hours. Hours of operation are limited from 7:00 a.m. to 9:00 p.m. seven days a week. MMCCs must also comply with Chapter 4, Article 2, Division 15 which provides guidelines for lawful operation.

The San Diego Municipal code limits MMCCs to commercial and industrial zones and the number of MMCCs to only four per Council District, 36 city-wide, in order to minimize the impact on the City and residential neighborhoods. The proposed MMCC is located on the far southwest side of a 2.51-acre site that is zoned IL-3-1 and has eight detached buildings. The existing uses on the site consist of vehicle sales and services, retail and commercial services (business services-offices). The proposed MMCC is a compatible use for this location with a Conditional Use Permit, is consistent with the community plan and the permit as conditioned assures compliance with all the development regulations of the San Diego Municipal Code, therefore the use is appropriate at the proposed location.

BE IT FURTHER RESOLVED that, based on the findings hereinbefore adopted by the Planning Commission, Conditional Use Permit No. 1296130 is hereby GRANTED by the Planning Commission to the referenced Owner/Permittee, in the form, exhibits, terms and conditions as set forth in Permit No. 1296130, a copy of which is attached hereto and made a part hereof.
